Group/Blended		Min 24			
Technical		Min 60	<b>Total</b>		<b>Min 120</b>

**Group/Blended 24 credit minimum**  
Category formerly referred to as “Non-Self Study” or “Instructor Led.” Includes new in 2018 delivery method “blended learning.”

**Technical credit minimum requirement of 60.**  
Be sure to consult the **2016 NASBA Fields of Study** to properly record a course as technical or nontechnical.

**Writing and Teaching limits of 60 credits each**  
Do report credits earned in excess of 60, as they may assist you in meeting other CPE requirements. However, only a maximum of 60 each is included in your three-year total.

**Three-Year Total requirement of 120 credits**  
NOTE: Your total will only reflect *qualifying* hours. For instance, if you reported 122 hours, but 62 were teaching, your total would show 120 hours.
